Skills

OS
Linux, Windows

LANGUAGES
C/C++, Java(preferred)

FAMILIAR
Machine Learning,HTML,
PHP,CSS,Bootstrap

DATABASES
MySQL,PostgreSQL

Coursework

Data Structures
Algorithm
Operating System
Database Management System
Software Development and Management
Big Data
Computer Networks

Education

2017-2021
B.TECH. IN CSE
JIIT Noida
CGPA : 7.9/10

2017
INTERMEDIATE
Surmount International School,GKP
CBSE
Percentage: 89.4%

2015
HIGH SCHOOL
Metropolitan School,GKP
ICSE
Percentage: 93.5%

Training

MAY 2020-JUNE 2020   **Web - Development**   **Internshala Trainings,Online**
6 weeks online course consisting of HTML, CSS, Bootstrap, SQL and PHP modules

Projects

AUG 2019-MAY 2020   **Defect detection in Bangle Industry**   **ML**
- Project to minimize the manual work done in Bangle Industry.
- Created a data set for classifying the basic defects through image.
- Training different models so as to find the most efficient model.

APRIL 2020   **Prediction for rise in covid**$_1 9 cases$
- Used Linear Regression model for future prediction

Certificates

MARCH 2020-JUNE 2020   **Java Programming Masterclass for Software Development**   **Udemy**
MAY 2020-JUNE 2020   **Web Development**   **Internshala**

Achievements

Grand finale participant of NeuralHack(Season 4 ongoing)
5 star in Java at HackerRank
4 star in Problem Solving at HackerRank
