EDUCATION

Bachelor's Of Technology.

Jaypee Institute Of Informational Technology, Noida.

06/2017 - 05/2021   *7.2*

Courses
- Computer Science Engineering.

WORK EXPERIENCE

Data Science Intern

Tarkuli Enterprises Pvt. Ltd ☍

05/2020 - 07/2020   *Work From Home*
Tarkuli (TEPL) is a privately owned total IT Solutions & Services provider having capability in high end technology solutions

Achievements/Tasks
- Worked on Credit Card Fraud Detection model .
- Create machine learning model, train and test on the data.
- Deployment of the ML model.

Machine Learning and Deep Learning Intern

Coding Blocks, Noida. ☍

06/2019 - 08/2019   *Noida, India*

Achievements/Tasks
- Assisted the mentor in preparing content and assignment for enrolled students.
- Helped students with code and concepts related to Ml and Dl.
- Delivered a few lectures and helped students making detailed mid-level projects.

Software Development Engineering Intern

SnackTrip

11/2019 - 12/2019   *Work From Home*
SnackTrip is a food delivery platform , makes easy for you to order and deliver food online.

Achievements/Tasks
- My task was to work on the front-end development.
- Making a balance between functional and aesthetic design and ensuring web design is optimized for smartphones.
- Creating a responsible chat application for communication between user and merchant.

ORGANIZATIONS

Coding Blocks , Noida (06/2019 – 08/2019)
Teaching Assistant for Machine Learning And Deep Neural Networks.

Tarkuli Enterprises Pvt. Ltd (05/2020 - 07/2020)
Data Science Intern.

SnackTrip (07/2020 - Present)
Software Development Intern

SKILLS

`Machine Learning` `AI` `Data Science` `Python` `C++` `JavaScript` `Oops` `SQL` `Data Structure & Algorithm` `React.js` `HTML` `CSS` `Linux` `Computer Networks` `OS` `DBMS`

PERSONAL PROJECTS

Total Solution for Images. (02/2020 - 06/2020) ☍
- Application of the model is to convert image from lower resolution to the higher resolution, removing unwanted water-marks, removing compression defects, graying and coloring of images.

EveryBody Can Dance Now (08/2019 - 12/2019) ☍
- Using GAN model and transfer learning for creating a pipeline to pass dance poses from source video to target video.

Chat App - (SnackTrip) (11/2019 - 12/2019)
- Chat application for the communication of updates and queries between merchants and users made using react.js. ☍

Booking Uber Go Systems (04/2019 - 04/2019) ☍
- Show casing my data structures skills, by designing a model for booking uber go. Taking motivation from Uber app.

CERTIFICATES

Certificate In Completion Of Course In Machine Learning And Deep Learning. (05/2019 - 06/2019)

Certificate in Data Structure and Algorithm. (06/2018 - 07/2018)

Certificate in Machine Learning Facilitator program (10/209 - 01/2020)

Machine Learning and Data Science Lead at Google Developer Student Club, Noida. (08/2019 - Present)

Virtual Software Development Engineering Experience - Jp Morgan Chase & Co. (01/2020 - 02/2020)

ACHIEVEMENTS

Top 100 in Codsule 2020 (Competitive Programming Competition By Coding Block) (06/2020 - 06/2020)

University Rank 05 and Gobal rank under 3000 on InterviewBit (02/2020 - Present)

Ranked #120 - (Codeforces Round 650) (06/2020 - 06/2020)

Ranked #95 (Leetcode Weekly Digest) (08/2020 - 08/2020)
